A well-stocked **Hail storm emergency kit** forms part of the essential advance planning for an extreme weather event. Management is responsible for checking and maintaining the kit, which should contain the following:

## Contact details

Contact	Name/s	Number/s
<b>Action Plan Leader</b>		
<b>Emergency Action Team</b>		
Plumber		
Electrician		
HVAC contractor		
Building owner		
Senior management		
Suppliers		
Insurance broker		

## Emergency Services

Police

Fire

- A copy of the document [Hail action plan](#), for reference;
- Instructions for the safe shut down of vulnerable and/or critical processes and data processing equipment;
- Emergency supplies as follows (tick the box if available, date and sign):

Item	Available in kit?	Date checked	Signed
A supply of drinking water and non-perishable food		/ /	
First aid kit/medical supplies		/ /	
Two-way radios or mobile phones with spare batteries/charger leads;		/ /	
Emergency lighting, torches and spare batteries		/ /	
Emergency radio (battery, solar or crank powered)		/ /	
Plastic covers and tarpaulins		/ /	
Wood, plywood and nails		/ /	
Hand and power tools		/ /	
Blankets and extra clothing		/ /	

- Print off and keep the latest completed and signed copy of this checklist in the **Hail storm emergency kit**.
